Relationships:
our users +
our expertise,
in their space

**Introduction and
Information Needs
Assessment**

**Collaborate and
Embed**

**Assist and
Participate**

Introduction and Information Needs Assessment

- Match informationists with varied backgrounds (clinical, public health and basic science) with JHMI departments.
- Attend open department activities, grand rounds and seminars.
- Contact key department members and ask to speak briefly at a departmental meeting to start a dialog about their information needs, the services we can provide to meet them and our expertise.
- Request office hours and ask about other venues for regular, on-site informationist participation.

Assist and Participate

- **Access troubleshooting**
- **Collection development**
- **Information management**
- **Individual and group consultations**
- **Information searches**
- **Customized Information Portals**
- **On-site office hours**
- **On-site participation in departmental activities**
- **Orientations**
- **Classes**
- **Lectures**
- **Publication Support**
- **Curriculum Courses**

Collaborate and Embed

- Collaborate with faculty on in-depth projects for clinical practice, research and education:
 - Collexis project management on behalf of JHU-JHMI Research Administration
 - Conduct in-depth literature searches and lead groups on methods for systematic reviews
 - Grant funded collaborations
 - SOM curriculum revision

Clinical Informationist Services Department

Additional embedding examples

- **Office hours:** GI, EM, Endocrinology, PMR, Med Ed, Ob-gyn, Ophthalmology, Radiology, Medical Students
- **In-depth collaborations:** Systematic Reviews and other in-depth, multi-database searching projects
- **On-site activities:** Welch Center Research Pearls; Educational Policy and Curriculum Committee; PICU case conference; PACCM Quality Assurance Committee, JHH Ethics Committee
- **Virtual presences:** Customized information portals; Web-based teaching modules and online tutorials; informationist presence on departmental web sites

Public Health and Basic Sciences Informationist Services Department

Additional embedding examples

- **Office hours:** International Health, Hopkins Population Center (both in formal Welch Pop. Center space), Biostatistics, Basic Science
- **In-depth collaborations:** Systematic reviews
- **On-site activities:** Administrative Grand Rounds for Preventive Medicine Residents; Epidemiology Journal Club; Faculty Senate
- **Virtual presences:** Redesigned Population Center Portal; International Health Portal; Basic Science Toolkit

In-Depth Projects: Systematic Reviews

- Informationists have:
 - Developed search strategies
 - Contributed to title/abstract and full-text reviews
 - Provided complete, “de-duped” citation management software libraries for research teams
 - Co-authored papers
 - Co-teach curriculum courses

Team work

- Informationist Services Committee
 - Sharing information about different user environments
 - Education on key topics, resources, conferences, trends
- Welch Intranet Portal (SharePoint) used to share tools and information across library departments and committees

More Team Work

- Digital Library Services
 - Collection management and development
- Advanced Technology and Information Services
 - Portal development, mobile technology, desktop computing; customizable user interfaces
- Welch Service Center
 - Education activities, publicity, administrative support for systematic reviews
- Administration and Finance
 - Support developing dedicated Welch library spaces
