OBJECTIVES

- To evaluate the presence of researchers from the Andalusian Ministry of Health and Social Welfare **in the network**

RG

- To identify the variability between centres of primary care and specialized care

- To discover the **profile of most active researchers**

- To identify the researchers with the highest RGscore.

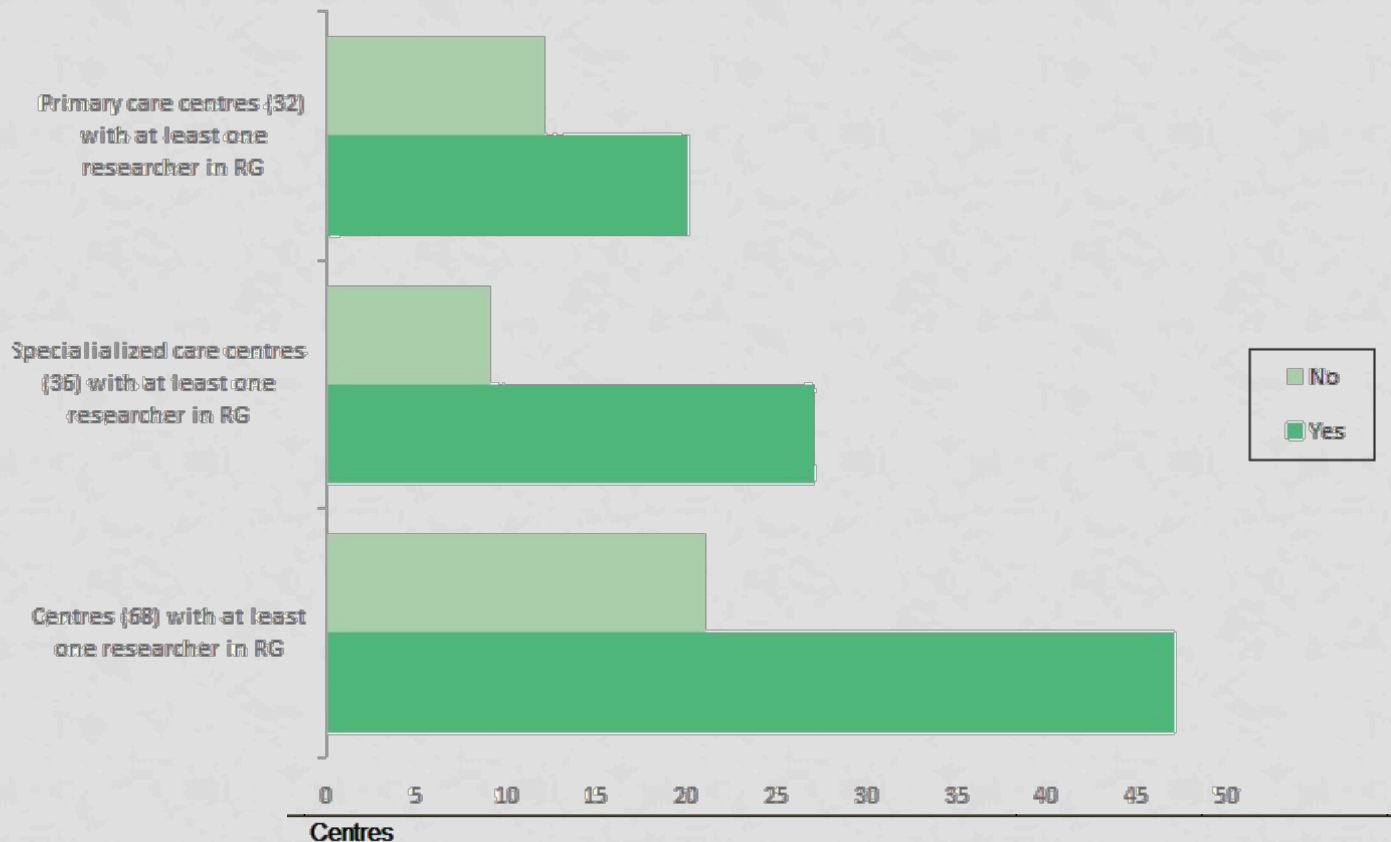

METHODS

- **Descriptive cross-sectional analysis** from identification of all researchers with an affiliation to a centre belonging to the **Andalusian Ministry of Health and Welfare** or with the affiliation **Andalusian Health Service (SAS)** in RG between 23rd and 30th October 2015.
- **Segmented analysis**, based on the top centres (with more than 50 researchers enrolled), and level of care
- A **survey about the usability and usefulness** of RG researchers of the Andalusian Ministry of Health with a RG Score between 30 and 50, sent via SurveyMonkey 9th March 2016.
- Discover **RG profile with the highest RG Score**

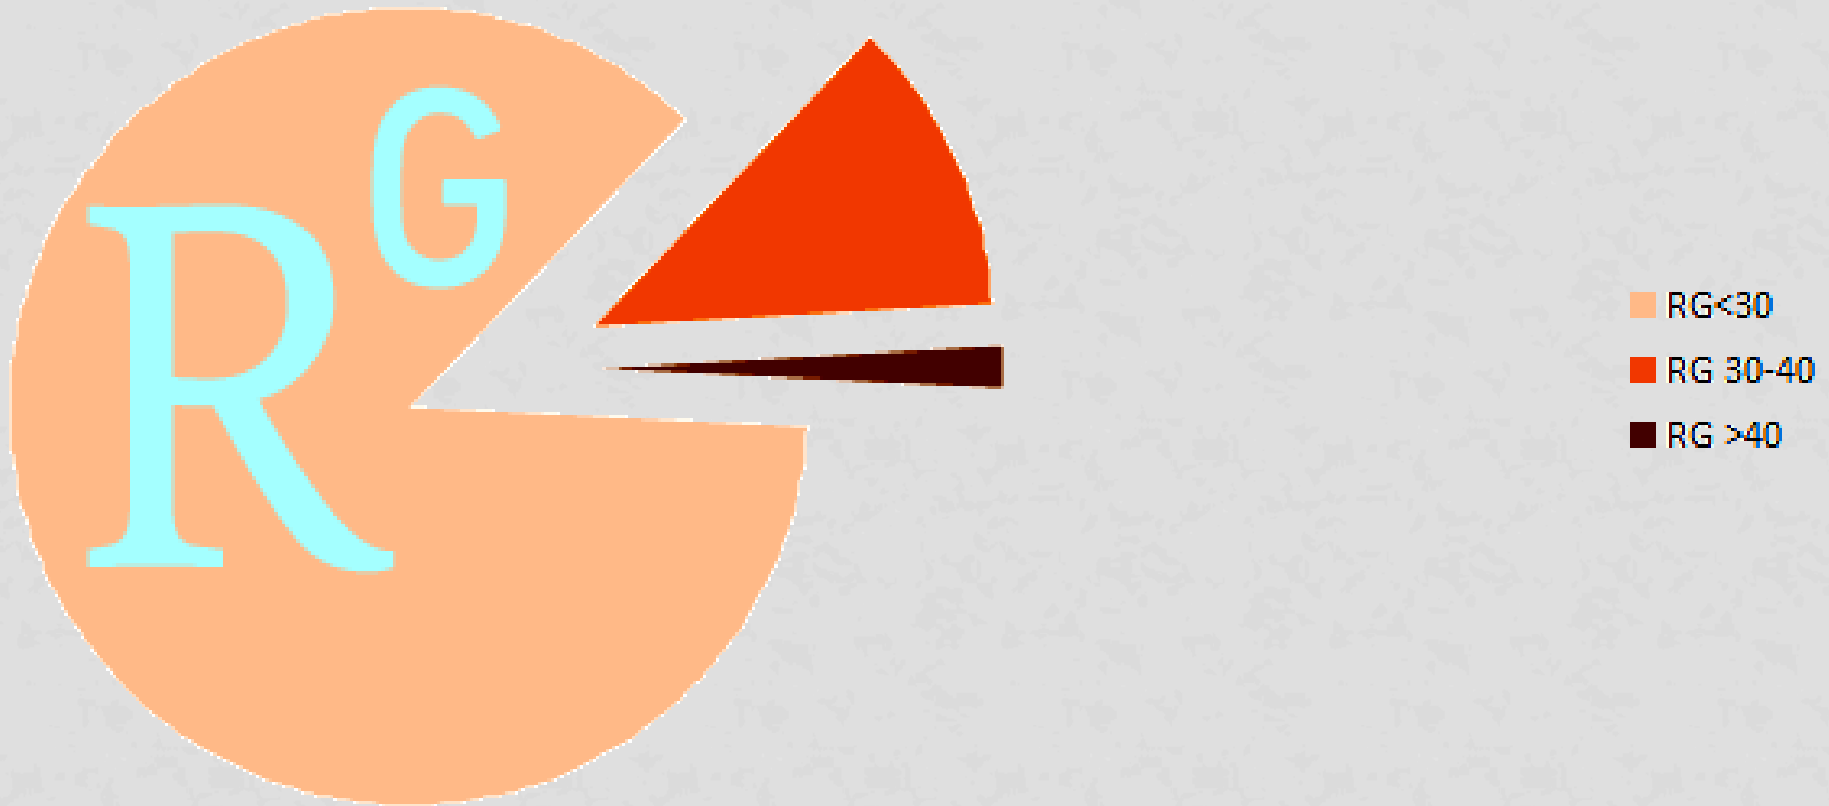

47 CENTRES of Andalusian Ministry of Health and Social Welfare with a researcher enrolled in

RG

	Yes	No
Centres (68) with at least one researcher in RG	47	21
Specialized care centres (36) with at least one researcher in RG	27	9
Primary care centres (32) with at least one researcher in RG	20	12

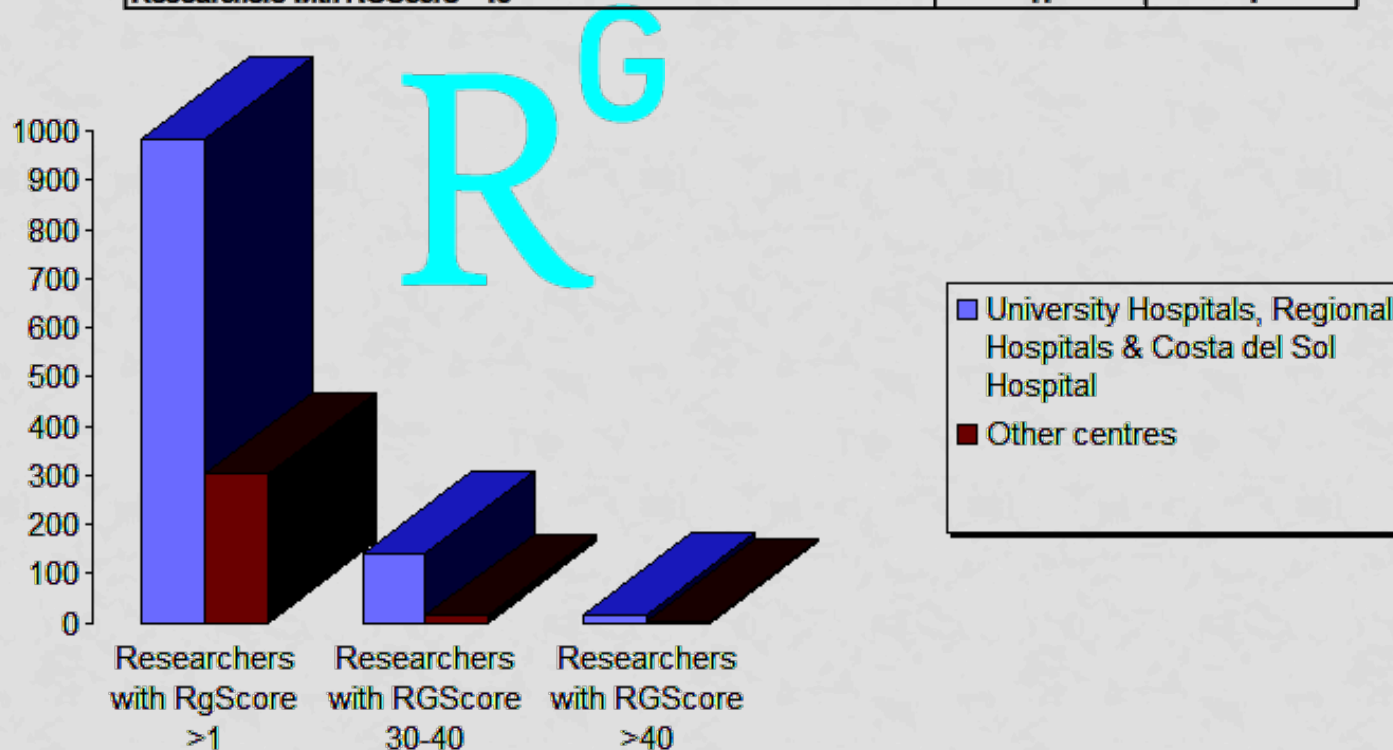

1286 RESEARCHERS

	RG<30	RG 30-40	RG >40
RGscore	1110	155	21

10 CENTRES ADD 76.5% of all the andalusian health RG researchers

Centres	University Hospitals, Regional Hospitals & Costa del Sol Hospital	Other centres
Researchers with RgScore >1	984	302
Researchers with RGScore 30-40	141	14
Researchers with RGScore >40	17	4

PRIMARY CARE CENTRES

5.8% of the andalusian health researchers

RG

Centres

	Specialized care centres	Primary care centres
Researchers with RGScore >1	1212	74
Researchers with RGScore 30-40	153	2
Researchers with RGScore >40	21	0

PROFILE OF RESEARCHERS IN THE ANDALUSIAN MINISTRY OF HEALTH AND WELFARE

R^G

Doctors (94.2%)

Medical staff(66.10%)

Men (74.58%)

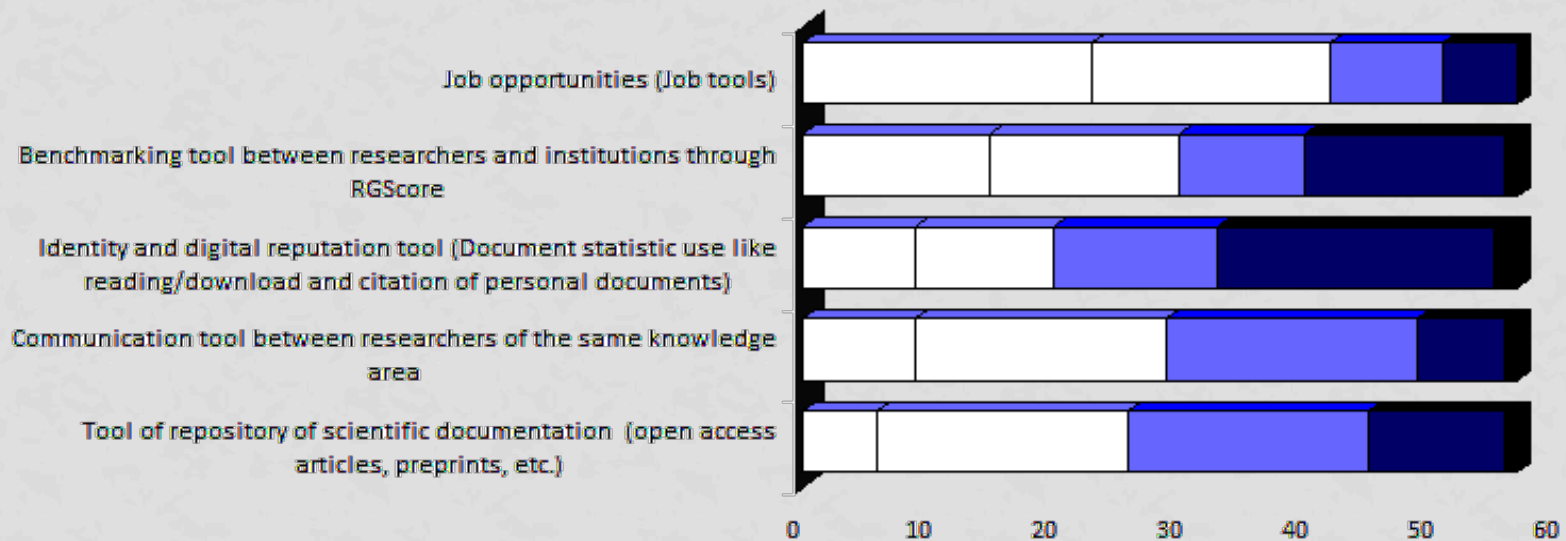

49 years

Participation in the survey: 58 respondants (45.4%).

MOST USED IN ANDALUSIAN MINISTRY OF HEALTH AND SOCIAL WELFARE

TOP RESEARCHERS OF ANDALUSIAN MINISTRY OF HEALTH AND WELFARE ENROLLED IN

Manuel Romero Gomez,
Digestive diseases
Virgen de Valme Hospital,
RG Score 46.82

Juan A Pineda,
Consultant in Viral Hepatitis
Virgen de Valme Hospital,
RG Score of 46.74

José Suárez de Lezo,
Cardiologist
Reina Sofia Hospital,
RG Score of 45.83

CONCLUSIONS

- A high number of researchers from the Andalusian Ministry of Health with an active profile at RG: **195** in the **85th percentile** scores.
- Concentration of researchers registered in a **small number of hospitals**, and **low participation of primary care researchers**
- Most used tool of RG: **Identity and Digital Reputation**

Thank you
